Professional Experience

Frontend Developer

WEBFX UK&I, London | 06/2024 – Present

- Developed responsive and high-performance web applications using React.js, TypeScript, and ES6+ and create SPAs using react
- Gained hands-on experience with WordPress, customising themes, and plugins, and building multiple projects from scratch.
- Learned and applied communication directly with clients, directly engaging with clients to understand requirements and provide solutions.
- Independently managed and delivered projects, setting and meeting strict **timelines** to ensure on-time completion.
- Created and optimised RESTful APIs using Node.js, Express.js, and NestJS for seamless backend integration.

Frontend Developer

Reborn Healthcare LIMITED, London | 08/2023 – 05/2024

- Developed and maintained a responsive website using React.js, TypeScript, and modern frontend technologies.
- Collaborated closely with back-end developers to ensure seamless API integration and efficient data flow.
- Managed projects independently, setting timelines and ensuring successful delivery while maintaining high coding standards.
- Engaged directly with clients to gather requirements, provide technical solutions, and ensure alignment with business objectives.

Frontend Engineer - I

Prakash Software Solutions Pvt Ltd | 09/2022 – 07/2023

- Developed scalable React.js applications using TypeScript and ES6+, ensuring maintainable and high-performance code.
- Built a full-stack application, working on the Node.js backend, creating RESTful APIs using Express.js and NestJS.

I have a valid UK work visa and don't need sponsorship.

- Implemented **Redux** for efficient state management and optimised rendering with **React hooks, events, and promises**.
- Mentored a junior developer, providing guidance on best practices, code reviews, and problemsolving.
- Learned and applied Jest testing, writing unit tests to ensure application reliability and code quality.

Frontend Developer

Qtonz Infosoft Private Ltd | 06/2022 – 09/2022

- Created reusable components and optimised control flow using events and promises in React.js.
- Developed scalable React.js applications using TypeScript and ES6+, ensuring maintainable code.
- Implemented **Redux** for efficient state management and optimised rendering with React hooks, events, and promises.
- Used Git/GitHub for version control, ensuring smooth collaboration within the development team.
- Integrated RESTful APIs for seamless data flow and conducted **cross-browser testing** to ensure compatibility.

Frontend Developer

WebDesk Solution Private Ltd | 12/2021 – 06/2022

- Assisted in developing and maintaining responsive web applications using HTML, CSS, JavaScript, and React.js.
- worked on bug fixes and troubleshooting to enhance website functionality and user experience.
- Collaborated with senior developers to implement modern UI/UX designs, ensuring a visually appealing and user-friendly interface.
- Followed Agile methodologies, actively participating in daily stand-ups and sprint planning meetings.

Key Projects

DPA Auctions - <https://www.dpaauctions.com/>

- Leveraged React for frontend development and .NET for backend functionality.
- Designed a scalable folder structure and integrated Redux for state management.
- Collaborated with backend developers, UI/UX designers, and stakeholders to deliver a streamlined auction platform.

MMS-VCARD - <https://www.ezycards.co/>

- Developed business registration CRUD operations using React and Node-Express.js.

I have a valid UK work visa and don't need sponsorship.

- Created RESTful APIs and dynamic QR codes for WhatsApp and SMS integration.

Meeting Buddy - <https://meetingbuddy.co/>

- Built and integrated React frontend with NestJS backend for efficient meeting management.
- Tested and validated APIs using Postman, ensuring seamless functionality for creating, joining, and managing meetings.

Education

Master of Computer Application (MCA), Computer Science | Dharmsinh Desai University – 2022

Bachelor of Computer Application (BCA), Computer Science | Veer Narmad South Gujarat University – 2020

Interests

- Travelling and exploring new places to spark creativity.
- Learning new programming languages and technologies.
- Immersing in music for relaxation and inspiration.

I have a valid UK work visa and don't need sponsorship.
